**INSTRUCTIONS**

This worksheet is used to determine the estimated appropriate cost of university business travel and should be completed at the time travel arrangements are made.

**SECTION I** provides the general travel information and will be completed regardless of the below scenarios.

Please complete **SECTION II** whenever a traveler chooses to drive to an out of state business location where an accessible airport is located, and the timing of the travel allows for flying. (I.e., Chicago, Philadelphia, Washington DC). Rental car and personal mileage need compared to determine which is more economical.

Please complete **SECTION III** whenever a traveler chooses to incorporate personal travel in conjunction with business travel.

**SECTIONS II** and **III** should not both be completed **unless** there is a combination of drive vs fly **and** personal time is included. Please complete the section that is applicable to the travel situation only.

**SECTION I: TRAVEL INFORMATION**

**SECTION II: TRANSPORTATION TYPE COMPARISON**

**INSTRUCTIONS**

- Comparisons **MUST** be completed to estimate the expenses for both driving and flying **PRIOR** to travel.
- Backup documentation to show how estimated expenses are determined must be included. Google maps, rental car quotes, airfare quotes and taxi/gas/ parking estimates are required. Airfare quotes should be the lowest reasonable economy fare that meets the business need. **The quotes must be obtained at the time the travel is arranged.**
- Expenses needed due to driving that would not be needed if flying (hotel, per diem) must be estimated and listed with documentation.
- Additional information that supports the rationale for choosing the actual transportation method should be included in the comments.
- Include all supporting quotes and documentation.

**SECTION III PERSONAL TRAVEL IN CONJUNCTION WITH BUSINESS TRAVEL**

**INSTRUCTIONS**

- A travel comparison must be completed to estimate the expenses that would be incurred for the business only portion of the trip compared to the actual trip that includes personal time at the time **the travel is arranged and prior to travel**. Final calculations may change upon completion of the trip, but changes should be limited.
- “A traveler incurring additional costs by taking personal travel in conjunction with business travel is solely responsible for and must pay for the additional costs of such travel and other expenses with personal funds.” (OSU Travel Policy, page 5)
- “Any expenses attributable to personal travel will not be paid/reimbursed by the university and must be clearly documented to demonstrate clear separation of these expenses to ensure that no personal expenses are paid/reimbursed by the university”. (OSU Travel Policy, page 5)
- Per Diem, parking, lodging expenses, baggage fees, etc. will be paid for by the university only for the university traveler and only for the business portion of the trip. Additional costs incurred for personal time are not allowable without Dean/VP approval.
- The Business Only Estimate should include the most economical transportation method. The University contracted travel agency CTP is still required when personal time is intermingled with business travel.
- Please consult with the Tax Compliance office prior to travel if the travel is not primarily for business as there could be tax implications.
- Non-transportation expenses should only be listed in the personal time estimate if they are intermingled with business time. Exclusively personal time non-transportation expenses are **not** eligible for OSU reimbursement or pre-payment and should not be listed.
- Include all supporting quotes and documentation.
