

# Promotion and Tenure Review

## Interfolio Submission Process 2025-2026

---

**June 27, 2025**

In Autumn 2025, the promotion and tenure (P&T) review submission process will take place in [Interfolio](#) for all tenure-track faculty, clinical/teaching/practice (CTP), and research faculty seeking promotion or promotion and tenure. This process involves uploading all the components of the dossier into this system and completing all Candidate, POD, and P&T signoffs electronically. A summary of helpful links is available on the last page. For any Interfolio or reappointment review questions, please contact [ascfacultyaffairs@osu.edu](mailto:ascfacultyaffairs@osu.edu) or [Toni Calbert.5](#).

### INTERFOLIO PROCESS OVERVIEW

---

Note that this year, Interfolio should only be used to upload documents and complete forms. Faculty do not need to use the system for document review or voting. Dossier materials should be shared for review with the Committee of Eligible Faculty and P&T support staff outside of Interfolio. Faculty comments, discussion, and voting should be conducted outside of Interfolio. Internal letters should be composed outside the system and uploaded when final. External letters should be solicited and collected outside of the systems and uploaded when received.

#### Logging into Interfolio:

All faculty and staff identified as supporting the P&T process for this year's candidates have been added to the Interfolio system. Candidates will receive an email from Interfolio (The Ohio State University <noreply@interfolio.com>) notifying them that their case is ready for materials to be uploaded. As the process proceeds, the POD, P&T Chair, and TIU Head will receive emails from Interfolio notifying them that the case is ready for their review. Faculty should monitor their email directories, as email from the Interfolio system may be automatically routed to spam. Faculty and staff can also log into [Interfolio](#) directly. This [video](#) provides instructions for logging into the Ohio State part of the system for the first time. If units need to add a designated staff person to the system, please contact [ascfacultyaffairs@osu.edu](mailto:ascfacultyaffairs@osu.edu) or [Toni Calbert.5](#).

## Candidate Responsibilities:

Log into Interfolio and click on “Your Packets” at the upper left of the screen, and then select your case for 25-26. Complete the following steps in the “Packet” tab:

- Upload Introduction file (pdf or Word format)
- Upload Core Dossier file (pdf or Word format)
- Upload SEI Reports (Cumulative and Overview Reports)
- Complete the *25-26 Student Evaluation of Teaching Candidate Checklist* form
- Complete the *25-26 Promotion and Tenure/Promotion Dossier Checklist* form

When these documents and forms are complete, select “Submit” for each section. This will lock the documents and move the case forward to the POD. Note that if the candidate needs to make additional edits after these sections are locked, they will need to contact the Case Manager (e.g., P&T support staff) for their unit or [ascfacultyaffairs@osu.edu](mailto:ascfacultyaffairs@osu.edu), who can unlock the document for editing. Only the candidate can delete or edit files they upload in these sections.

### **Preliminary Dossier Review:**

We encourage candidates to send dossiers to ASC Faculty Affairs after they are reviewed by the POD for a preliminary review before uploading to Interfolio. This will help address any issues and reduce the need for revision after submission to the College.

## CASE REVIEW STEPS

After the candidate submits their materials, Interfolio progresses through the Case Review Steps. The number of steps will vary depending on whether the candidate is located on the Columbus campus or a regional campus as listed below.

### Columbus Campus Steps

POD Review 1  
Committee of Eligible Faculty  
POD Review 2  
TIU Head Review  
Candidate Comments  
Faculty Affairs Review (College)

### Regional Campus Steps

POD Review 1  
Regional Campus Faculty Deliberative Body  
Regional Campus Vote  
Regional Campus Dean/Director Review  
Regional Campus Candidate Comments  
Faculty Affairs Review (College)  
Committee of Eligible Faculty  
POD Review 2  
TIU Head Review  
Candidate Comments  
Faculty Affairs Review (College)

Each step must have a committee and committee manager who can review the case and may need to complete 1-2 requirements. Case manager should add the P&T Chair, POD, and themselves to every committee so they will have access to the case throughout the TIU review process. Other members of the CEF may be added at the unit’s discretion. The TIU Head is an administrator for their unit and always has

access to the case until submission to the college and should also be added to the TIU Head Review committee. The requirements for each step (uploading a document and/or completing a form), must be completed before moving to the next step. The designated committee manager, TIU Head, and Case Manager can upload documents, but only the committee manager can complete a form. The Case Manager can edit these roles at each step to fit unit preferences. The case can be moved forward or backward by the Case Manager or committee manager. Cases can only move one step at a time.

### **POD Review 1 – Dossier Verification (1 Required Form)**

The POD is the committee manager for the POD Review 1 step and is responsible for completing the *25-26 POD Form 1 – Dossier* form found under the “Case Details” tab. This form verifies that all components of the dossier submitted by the candidate are complete and accurate. When this is done, the POD uses the “Send Case” button (upper right) to forward the case to the Committee of the Eligible Faculty (the P&T Chair) or Regional Campus Faculty Deliberative Body (for regional campus candidates) step.

### **Regional Campus Faculty Deliberative Body (1 Required Document)**

The first step requires a designated person to upload the regional faculty recommendation letter under the “Case Details” tab. This can be done by a member of the Regional Campus Faculty Deliberative Body, the Case Manager, P&T Chair, or POD. If the unit would prefer a regional campus faculty member complete this step, the Case Manager will need to add the appropriate person to the Interfolio committee at this step. When the letter is uploaded, the designated person can use the “Send Case” button to forward the case to the Regional Campus Vote step.

### **Regional Campus Vote (1 Required Form)**

This step requires a designated person to complete the *25-26 Regional Campus Vote Only* form. This form records the voting results of the Regional Campus Faculty Deliberative Body meeting as well as the quorum based on the regional campus APT document. As above, this can be done by a member of the Regional Campus Faculty Deliberative Body, the Case Manager, P&T Chair, or POD. The Case Manager must select the designated person as the committee manager so that they can complete the form. When the form is complete, the designated person sends the case forward to the Regional Campus Dean/Director Review step.

### **Regional Campus Dean/Director Review (1 Required Document; 1 Required Form)**

The Regional Campus Dean and Director (or designee) will need to complete the next review step by uploading their recommendation letter and completing the accompanying *25-26 Regional Campus Dean Recommendation Form* in Interfolio. This form indicates whether the Dean recommends the candidate for promotion, reappointment, and/or tenure, as applicable. When this is complete, the Dean sends the case forward to the Regional Campus Candidate Comments step.

### **Regional Campus Candidate Comments (1 Required Document)**

The candidate should NOT be added to this step. The Regional Campus Dean and Director (or designee) is the committee manager for this step and is responsible for uploading the candidate’s comments on the Regional Campus-level review (e.g., the Regional Campus Faculty Deliberative Body and Dean recommendation letters). When this is complete, the Dean sends the case forward to the Faculty Affairs Review step. The college will review all regional campus materials and inform the Dean and Director if anything further is needed. If all materials are in order, the college will forward the case to the Committee of Eligible Faculty review step.

### **Committee of Eligible Faculty (CEF) (1 Required Document)**

The P&T Chair is the committee manager for the Committee of the Eligible Faculty step and responsible for uploading the letter detailing the assessment and discussion at the CEF meeting. Once this step is complete, the P&T Chair sends the case forward to the POD Review 2 step.

### **POD Review 2 – Deliberative Body Verification; Quorum and Vote (2 Required Forms)**

The POD is the committee manager for the POD Review 2 step and is responsible for completing the 25-26 *POD Form 2 - Deliberative Body Verification* form. This form verifies that the deliberative body review process was fair and procedurally correct. The POD also completes the second form in this step, the 25-26 *Quorum, Vote, Vote Percentage* form, which records voting results and quorum at the CEF meeting. When both forms are complete, the POD or Case Manager sends the case forward to the TIU Head Review.

### **TIU Head Review (1 Required Document; 1 Required Form)**

The TIU Head is the committee manager for the TIU Head Review step and is responsible for uploading their recommendation letter and completing the 25-26 *TIU Head Recommendation Form*. This form indicates whether the TIU Head recommends the candidate for promotion, reappointment, and/or tenure, as applicable. When this is complete, the TIU Head sends the case forward to the Candidate Comments step.

### **Candidate Comments (1 Required Document)**

The candidate should NOT be added to this step. The TIU Head (or designee) is the committee manager for this step and is responsible for uploading the candidate's comments on the TIU-level review (e.g., the CEF and TIU head recommendation letters). The Candidate Comments step is the final case review step at the TIU-level of review. The TIU Head and Case Manager should confirm that all dossier and review materials are complete and have been uploaded to Interfolio and then submit to the college by sending the case forward to the Faculty Affairs Review step.

### **College-Level Review**

After cases are forwarded to the college, ASC Faculty Affairs will review all materials for accuracy and completeness. If revisions are needed, we will contact candidates, P&T Chairs, PODs, and Case Managers. The case will be sent back to the appropriate step and the Candidate Packet will be unlocked to allow for edits.

When final, cases will be forwarded to the College P&T Panels and the College Dean, respectively, for review. Their review letters will be uploaded and shared with the candidate for the college-level comments process.

#### **CASE MANAGER ROLE AND RESPONSIBILITIES**

Case Managers have an important role within their unit. Similar to the TIU Head, they will have access to each candidate's case from the moment it is created until it is submitted to the college and can monitor the location of the case as it moves through the steps of the process. They will be responsible for uploading the candidate's files to the "Internal Sections" (e.g., annual reviews, peer evaluations, external evaluations, and open-ended student evaluation summaries). Case Managers can also upload files on behalf of the POD, P&T Chair, TIU Head, and regional campus when the case is at these respective steps. However, they will not be able to complete the required forms unless they are designated the committee manager. Case Managers can move cases forward and back and unlock and lock sections for candidates. They can also edit committee members and committee managers.
